Institutional Innovation Council (IIC) at Sagar Institute of Science Technology and Research Bhopal in association with Madhya Pradesh Council of Science & Technology, Bhopal jointly will be organizing an “**Intellectual Property Rights (IPR) Awareness Session**” on 4th January 2022 from 11:00 am onwards under the National Intellectual Property Awareness Mission (NIPAM).

Purpose of the workshop

To spread awareness about and its importance in ideas, design thinking and innovation.

Intellectual Property Rights, in short known as IPR, are rights that protect and provide exclusivity towards intangible creations of human intellect. Start-ups, to protect their interests, must protect and defend their ideas and products and that can be achieved only through Intellectual Property Rights.

Every Start-up, during the process of its inception, comes up with an idea, a pitch, design of its product and/ or services, how it works and how to enter the market. Every Start-up will face a major hurdle i.e., competition.

Expert for the Session:

The session will be headed by Expert Speaker Dr. Ajay Thakur (Assistant Controller, Patents & Design, Govt. of India, Mumbai) with Special Guest Dr. N. K. Choubey (Head of Patent Information Centre, MPCST, Bhopal)

Outcome of the Workshop:

Through this session the participant gets details to understand the importance of IPR and its process.

The session contains the following topics:

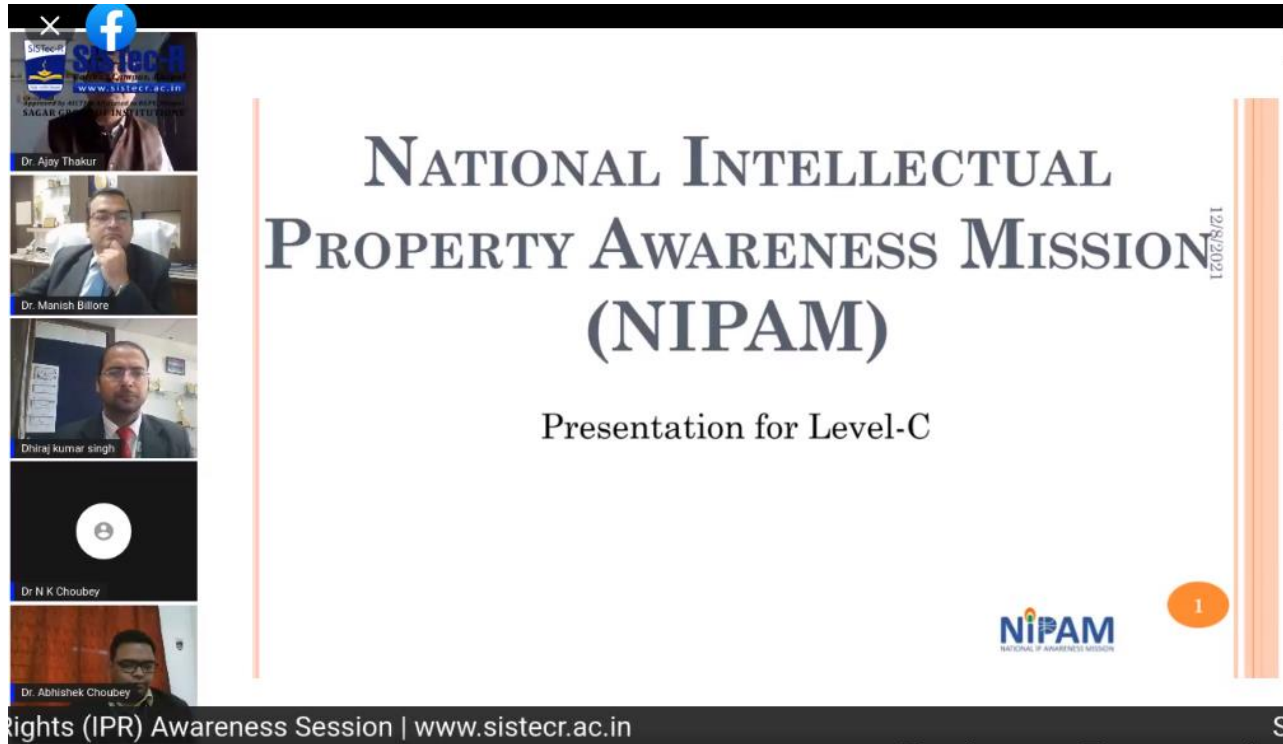

- Intellectual Property Rights (IPRs) - An Introduction with need of its protection
- Procedure of Patent filing, Commercialization of patents
- Patent System in India and IPR Acts in India.
- One product and many IP rights.

Mr. Dheeraj Kumar Singh starts the session with what is the need of such session? He said, for protecting the innovation the foundational awareness regarding the Intellectual Property Rights and patent process must be known to students and participants. The webinar ended with a question-and-answer session relating to Intellectual Property Rights issues. All the participants participated in the webinar with great enthusiasm.

Around **65 participants** including students and faculties join this live session.
