

**MIC DRIVEN ACTIVITY**

**REPORT OF SESSION  
ON**

**Launch of 5G Services**

As 5G use cases have tremendous applications across sectors and hold the promise of innovations across the economic sectors. A 6G conference is also being organized on the side-lines which will also be live cast. Students and professors can register at the IMC portal and participate online in various sessions as well. We believe this piece of information will certainly benefit many of you to be part of it and help in visualizing the technology shift, a greater picture to leverage technology for a better future, and scope for interdisciplinary innovation and cross-sector entrepreneurship.

### Detail of the Inauguration Program:

**Date:** 1<sup>st</sup> October 2022

**Time:** 10.00 AM

**Link to watch:** <https://pmindiawebcast.nic.in/>

Our Prime Minister Narendra Modi launched the much-awaited 5G services in India on October 1, 2022. According to the release, 5G to be launched by the Prime Minister in select cities, will progressively cover the entire country over the next couple of years. The cumulative economic impact of 5G on India is estimated to reach USD 450 billion by 2035. Capable of supporting ultra-high-speed internet services, the fifth generation or 5G is expected to unleash new economic opportunities and societal benefits, serving as a transformational force for Indian society. Our students watched the live telecast of 5G launch on October 1st 2022 and gained knowledge 5G services and its advantages.

More than 80+ students and faculties join the session through youtube link - <https://pmindiawebcast.nic.in/>
