**Organised by :**  
**Institutions Innovation Council**  
Sagar Institute of Science, Technology & Research, Bhopal

Institutional Innovation Council (IIC) at Sagar Institute of Science Technology and Research Bhopal organized online session on “**Orientation session for all students & faculties of Institute by Innovation Ambassador(s)**” on 18<sup>th</sup> August 2021.

#### **Objective:**

The objective of the session was to make students and faculties aware about the IIC functioning and to develop an innovation ecosystem within the campus. To learn about entrepreneurship and strategies through which a business can expand.

## About Webinar

Design thinking supports the innovation to serve the society through technology development. Enabling the entrepreneurial and innovation ecosystem among the students and faculties is the main moto. Further to focus on the importance of innovation in the education system this webinar is organized. Through this session we want to encourage and try to divert the mindset of young technocrats towards thinking on converting their idea into startup.

### Expert for the Session:

**The expert for the session Prof. Swajit Singh Goud** is the Head Department of Civil Engineering and IPR Coordinator IIC Council SISTec-R. He completed his foundation level of certification training program organized by MICs from 30<sup>th</sup> June to 30<sup>th</sup> July 2021. He working on his startup on organic food supply.

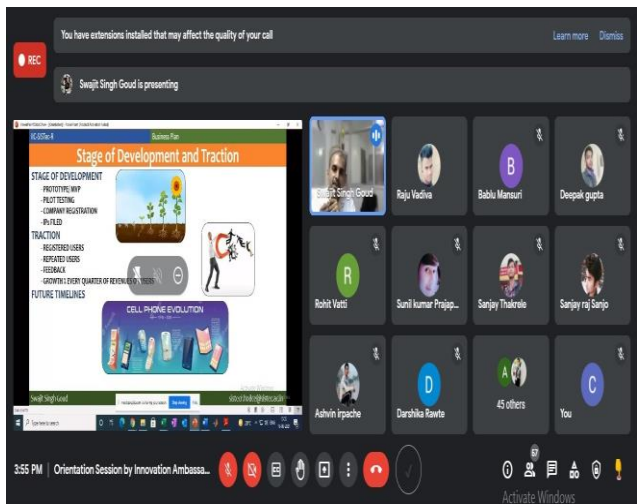

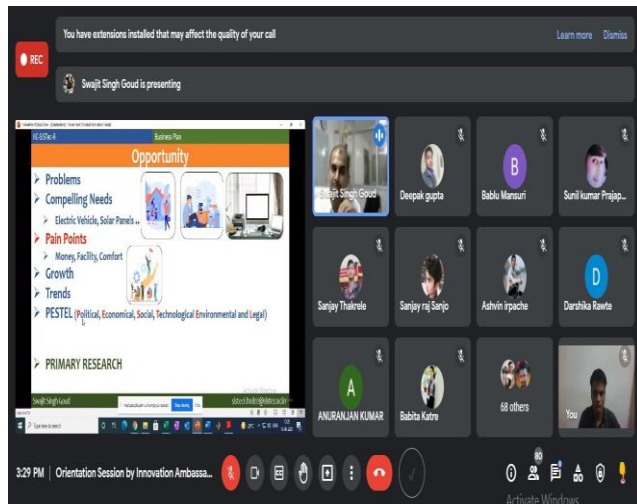

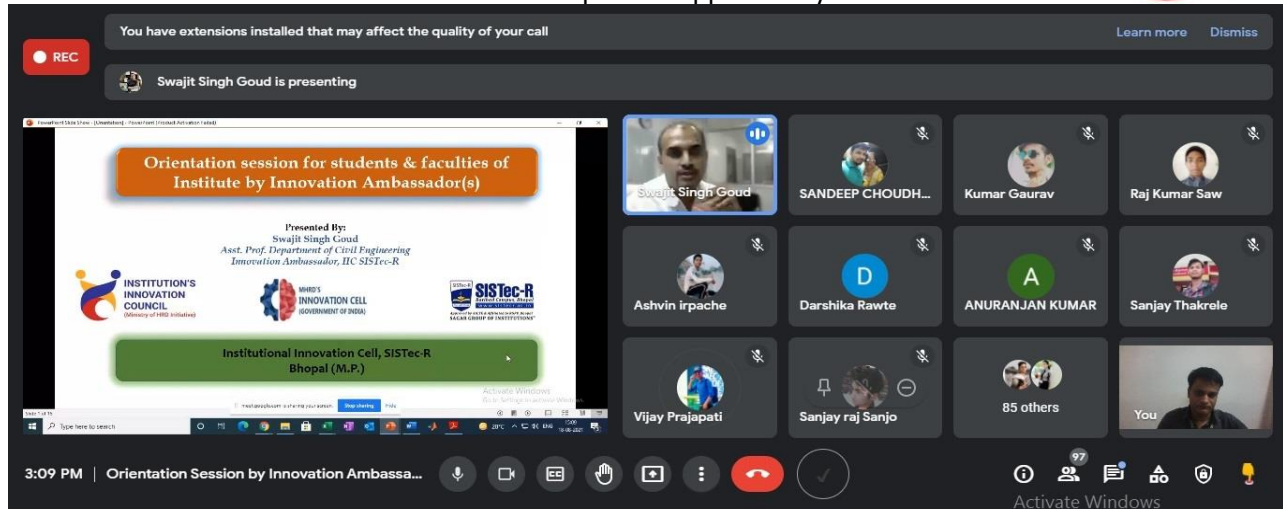

### Outcome of the Workshop:

Prof. Swajit Singh briefed the students about Engineering Product/Process Design and Development in an Orientation Session for all students & faculty. He stressed upon the need of Design Thinking for product development process. Design thinking supports the innovation to serve the society through technology development. He stressed upon the need of optimum system rather than workable one. During his presentation he cited many examples about the topic and said that every innovation should undergo product/process development cycle for successful outcome.

Around **96 participants** including students and faculties join this live session.
