Institutional Innovation Council (IIC) at Sagar Institute of Science Technology and Research Bhopal organized online session “**Angel Investment/VC Funding Opportunity for Early-Stage Entrepreneurs**” on 26th July 2021. The speaker of the webinar was Mr. Satvik Bardhan Director & Founder Brightside Partner.

Mr. Satvik Bardhan spoke on innovation & entrepreneurship opportunities and the funding parameters and support. Typically, angel investors are individuals or groups who make investments in early-stage or startup companies in exchange for a share of the company's equity ownership. She also elaborated that angel investors take a greater risk than old - fashioned funders and do not require interest payments if your business fails, the seat at the table for decision-making conversations may not be appropriate for all entrepreneurs.

It was a fruitful session for all the attendees including students and faculty. They got opportunity to know about the various opportunities in innovation, start-up, and entrepreneurship where one can go for exploring a new startup or a new venture.

Number of participants: 20 faculty members and 35 students
