The Institutional Innovation Cell @ [Sagar Institute of Science Technology and Research - SISTec R](#) organized a workshop on "**Expert Talk & Poster Presentation**" on the occasion to celebrate the National InnovationDay on 15th Oct. 2022.

Objective:

The main objective of this workshop is to aware the students with importance of Innovation in day to day life and creativity to design and think for innovative idea..

Expert of the session

The event is conducted under the banner of IIC and the expert of the event **Mr. C. K. Pardhi and Dr. Swajit Singh** share the knowledge bout functioning of IIC and Innovative approach for Problem Identification. He guides the students regarding the start-up, how to get funding, and how to run the start-ups. He also guides the students regarding how to generate the fund and how to get incubation from big industries and government incubation centre. They share our entrepreneur journey with our students.

At the end they agreed to support our ideathon in terms of funding and placements

He guided the students regarding the startup, how to get funding, and how to run the startups.

Conclusion:

The session was very much interactive and very fruitful and most emphasis to set a goal and advised to become a job creator than to become a job seeker.

The areas covered include the requirement of creative and innovative thinking for the problem identification.

The session ended with question answer session related to queries on creative thnking.

Around 120 participants including students and faculties attended the session.
