Institutional Innovation Council (IIC) at Sagar Institute of Science Technology and Research Bhopal organized online session on “**Understanding the Basics of Patent Drafting, Filing & Prosecution in India**” on 24th Nov. 2022.

Purpose of the workshop

Intellectual Property Rights, in short known as IPR, are rights that protect and provide exclusivity towards intangible creations of human intellect. Start-ups, to protect their interests, must protect and defend their ideas and products and that can be achieved only through Intellectual Property Rights.

Every Start-up, during the process of its inception, comes up with an idea, a pitch, design of its product and/ or services, how it works and how to enter the market. Every Start-up will face a major hurdle i.e., competition. Every other entity/ company in the market will take that unique idea and make it better with their own immense resources.

Through this session we are going to understand What is the significance of IPR for status. How we can approach to file IPR. What are the various steps required for IPR?

Expert for the Session:

Expert Speakers from Sagacious IP, Mr. Vivek Singh (IP Attorney & Head of IP Prosecution Practice) and Mr. Manav Chaturvedi (Project Manager - IP Prosecution. Mr. Vivek started out with a small team having keen interest in technology, strong fundamentals, and deep commitment to work. Now, with a larger team to head and years of experience and exposure to Sagacious IP. Working in the domain since the year 2003, Mr. Manav started her career with top IP firms in India where she worked for multiple Fortune 50 clients and gained exposure to US and EP patent practice. She has an in-depth understanding of the evolution of the Intellectual Property Rights (IPR) in India. She drives project delivery as well as other operations of Sagacious IP.

Outcome of the Workshop:
