It is organized by the Department of Mechanical Engineering at Sagar Institute of Science, Technology & Research, Ratibad Campus, Bhopal.

Department of Mechanical Engineering under Institutional Innovation Council (IIC) at Sagar Institute of Science Technology and Research Bhopal organized online session “**Basics Skills Required in Entrepreneurship**” on 15<sup>th</sup> May 2021. Mr. Abhijeet Singh, the speaker of session was an Alumni of Mechanical Engineering branch.

Most people think like being an entrepreneur is about coming up with a new idea for the business, but it required some basic skill or basic knowledge about how to initiate.

In a simple way, we can say that Entrepreneurship means innovations rather than sticking to conventional jobs & businesses. Having a better idea and concept about some new product, one can think for the startup. Through this workshop a necessary knowledge and awareness about how one can start his business is explained an alumnus.

### Objective of Workshop:

The workshop has the objective of introducing the participants with fundamental of entrepreneurship development so that they can understand the requirements and challenges in this area.

### About the Session:

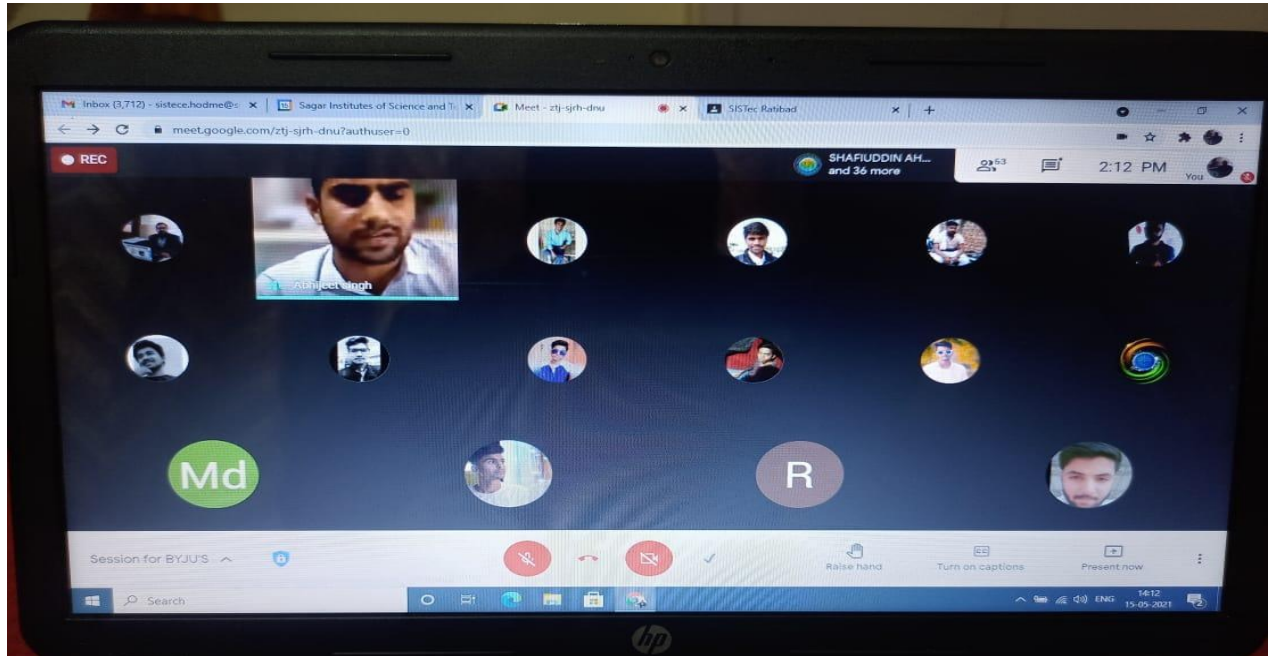

The session started with defining the words entrepreneurship and gave a clear idea of the same. "Entrepreneurship is not a career" he quoted and explained in detail how an individual can launch his/her start-up. He put some examples of local entrepreneur who started their business and become successful like **Kabadiwala.com, gadirepair.com**. He heightened the confidence of all the attendees with his interactive session and encouraged them all to believe in themselves. He stressed that Entrepreneurship cannot be viewed as a business purely, but as a rich legacy for generations to prosper. He emphasis to set a goal and advised to become a job creator than to become a job seeker.

The areas covered include the foundations of entrepreneurship development along with tools and techniques for creative and innovative thinking.

The webinar ended with question answer session related to queries on risk factor and initial planning before starting a business. Around **64 participants** including students and faculties join this live session.
